IOIN PAC TAC

Police and Citizens Together Against Crime

Our citizens have had enough when it comes to crime. Our police officers are on the front lines every day doing an outstanding job. PAC-TAC needs your help to make an even greater impact.

Mayor Duffy has put a high priority on crime prevention to improve the safety of our neighborhoods and to move toward his goal of Rochester becoming the best mid-sized city in the country.

Be empowered as a citizen when you volunteer for PAC TAC. You will work closely and effectively with the police in crime prevention.

As a PAC TAC member you will;

- Receive training, a PAC TAC uniform, flash light and a portable digital radio. If you spot criminal activity or are in need of assistance, you will summon an officer via radio.
- Work with an on-duty patrol officer or crime prevention officer as you walk with a PAC TAC partner in your neighborhoods
- Interact with other citizens and local merchants
- Some sections use bike patrol PAC TAC
- Make a difference in your community
